What investment services and advice can you provide me?

We offer investment advisory services, insurance services, financial planning services, and consulting services to individuals, high net-worth individuals, pension and profit-sharing plans, trustees or other fiduciaries, and other businesses, primarily designed for the medical community.

Monitoring: We monitor portfolios and securities in client accounts on an ongoing basis. We also meet with you – either in person or virtually according to your preference – at least annually depending on your needs.

3. FEES, COSTS, CONFLICTS AND STANDARD OF CONDUCT

3.A. What fees will I pay?

INVESTMENT ADVISORY SERVICES	
TOTAL ASSETS UNDER MANAGEMENT	ANNUAL FEE
Less than \$1,000,000	1.25%
\$1,000,001 to \$2,000,000	1.00%
\$2,000,001 and above	.50%

Description of Principal Fees and Costs: We charge advisory service clients an investment management fee for investment advisory services. The investment management fee is an **annual fee** based on a percentage of the value of the client’s assets under management, including all cash and other assets in the account (valued at liquidation value). The investment management fee charged is subject to negotiation with each client based on the client’s characteristics and may differ from client to client. Advisory account clients will pay an ongoing **annual asset-based fee** of no more than **1.25%** of assets under management for advisory services. These fees are charged quarterly, in advance. Our financial planning services are offered on an **hourly, fixed, or annual recurring fee** basis. Our annual recurring fees range from **\$2,400 to \$6,000** and our hourly financial planning rate is **\$525 per hour**. Fixed fees for project-based engagements will not exceed \$15,000. Our consulting services are offered on an hourly basis at the rate of **\$525 per hour**. For these services, the client will be billed based on the scope of services rendered.

Conflicts of Interest: The more assets in your advisory account, the more you will pay in advisory fees, although the percentage fee is reduced by account growth. We therefore have an incentive to build and/or encourage you to increase the assets in your account.

Other Fees and Costs: In addition to our advisory fee, you will also be responsible for custodian fees, account maintenance fees, fees related to mutual funds, third-party investment management fees, 12b-1 and other transactional fees, if or as applicable. You may also pay additional fees for additional aforementioned services.

Additional Information: You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

For more detailed information on our fees, please see Item 5 – Fees and Compensation of our Form ADV Part 2A.

CONVERSATION STARTERS

Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?

What are your legal obligations to me when acting as my investment adviser?

3.B. How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we are required to act in your best interest and not put our interests ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. For an example, while it may be the best thing for your overall financial picture, the more assets you have under our management, the more you will pay in fees, which helps increase our revenue. This gives us the incentive to encourage you to increase the amount of assets you have under our management.

For more detailed information on our conflicts of interest, please see Item 10 – Other Financial Industry Activities and Affiliations, Item 12 - Brokerage Practices, and Item 14 – Client Referrals and Other Compensation of our Form ADV Part 2A.

CONVERSATION STARTERS

How might your conflicts of interest affect me, and how will you address them?

3.C. How do your financial professionals make money?

Our financial professionals are compensated based on an agreed upon annual salary. Additionally, those that have insurance licenses receive compensation based on insurance product sales. This means financial professionals with insurance licenses have an incentive to sell insurance products to advisory clients.

4. DISCIPLINARY HISTORY

4.A. Do you or your financial professionals have legal or disciplinary history?
